OVERVIEW

Centerra Group, LLC is the world's leading international Government solutions group, specializing in business processes in sectors where security and safety risks are considered a strategic threat. The company was founded in 1960 as Wackenhut Services, Inc. (WSI), with a primary focus on armed security.

Today, Centerra is a 100% United States owned, multi-disciplinary service provider with more than 9,000 personnel worldwide. The company has evolved to become one of the largest U.S. Government service providers, operating on more than 90 active contracts. Protecting Critical Priorities... that is Centerra's mission.

SERVICES

Centerra's core competencies have evolved beyond protective services over the last 50+ years. In addition to security and fire protection, Centerra is now recognized as a premier provider of Base Operations Support for the Department of Defense as well as an international facilities support contractor for both the Federal Government and commercial entities.

Our service offerings continue to expand through organic growth and strategic acquisitions. Today, Centerra's lines of business include the following:
